

HARDEN KITE FLYER

Bob Moore

Bob is not just about kites, he had a diverse career from agricultural research, mechanical engineering, engineering drafting to a registered nurse. Retiring as of May 2018

Bob is a keen motorcyclist, regular chess player. He's interest in kites was rekindled with his kids in 2002, when he was building kites for them. He has 5 children and 5 grandchildren.

Building kites made him keen to build more so when the dormant interested in kite altitude record was received, that moment was one that can changed a course of a life.

Bob builds quality kites, he has built a 12m² DT Delta with new features. He is a member of the Australian Kiteflyer's Society & active on the kite Builders Forum in USA. He has enthusiasm and determination for kites building and kite flying.
