

HARDEN KITE FLYER

Michael Richards

Michael loves working with schools to create interesting kites. He travels to rural parts of Australia attending community events. He is a member of the Australia Kite flyer's Society.

For over 20 years he has runs the business Kite Magic, where he a kite program for primary schools with his Tyvek diamond kite. He has developed great kite building and designing skills.

Michaels interests are very diverse, including to teach juggling and unicycle riding. He has shown determination and enthusiasm for the quest to break the world altitude record.

The kite he is flying in photo is a trilobite kite, which he made in New Zealand, it is 25m long.
