

HARDEN KITE FLYER

Michael Jenkins

Michael is a competition sailor and can be seen during the yachting season on Sydney Harbour as forward hand in high performance skiffs and on various waterways up and down the east coast. At one time he was a trawler fisherman on the Gulf of Carpentaria and combined with sailing and kite flying he has an excellent understanding of wind, weather and sail.

Michael is a regular visitor to Kite Magic, a keen kite builder and winner of several competition categories at Festival of the Winds. He is also adept at building and flying multi-line trick kites. He is a member of the Australian Kiteflyer's Society.
