

HARDEN KITE FLYER

Roger Martin

Roger is a keen fisherman and loves to throw a line off one of the nearby headlands south of Sydney into the Pacific Ocean. Blackfish are one of his favourites.

Roger is an expert kite builder and is adept at flying multi-lined kites and driving kite buggies powered by traction kites.

He can be seen at kite festivals assisting Michael Richards with big kite displays and entertaining children and adults with his Sponge Bob trick kite.

He and Michael Richards have been friends for years having met each other through kites and wind sports activities.
