

HARDEN KITE FLYER

The Tibbey Family

The Tibbey Family have been flying together since 2017 after having break from it for a while. We all enjoy building and flying all over Australia. Meeting great people everywhere we go.

We started flying with a kite club in Melbourne 20 years ago with stunt kites. From there spread to all styles of kites and ground displays.

Our favourite kiting experiences are going to different festivals all over Australia and sharing the skys with all different flyers. Kite flyers are fun people.

Our favourite kites to fly is everything. Always fun getting into the sky.

Our tip for flying is get outside and give it a go. Back to the wind and let the kite go. Don't need to run.
